Puppeteers :	Denis Garénaux or Claire Rabant Franck Jublot or Sylvain Juret
Bandoneon	Jacques Trupin
Cello	Marie-Ange Wachter

Synopsis

As if by magic, foam geometrical forms take life and become real characters. The red ball redraws the various stages of the love life, the meeting in the birth of a child.

This visual opera develops with intensity a subtle palette of feelings carried by the music of cello and bandoneon.

Without word, this theater of objects is an invitation in the imagination, where each can find a part of its life, so much the language is there universal.
